 - To share knowledge, ideas, and experience in using research tools;
 - Drawing attention to the problem of youth dependence on psychoactive substances and implementing measures to prevent drug addiction among students of educational institutions of higher education through the organization of events involving young people in activities aimed at preventing addictive behavior;
 - Promotion of a healthy lifestyle among students of educational institutions of higher education.
 - Development and realization of students' creative abilities.
 - To offer scientific and practical recommendations on creating additional conditions for the re-socialization of addicts and the prevention of drug addiction disorders.

2. Scientific directions (nominations) The competition

2.1. The competition is held in 3 nominations:

1) The best research project on the effects of narcotic drugs, psychotropic substances, alcoholic and non-alcoholic beverages, tobacco, Internet addiction on the physical development and health of adolescents and youth, their prevention.

2) The best research video, which is of a social nature and aimed at developing skills among young people that contribute to personal development as an element of prevention of manifestations of dependent behavior.

3) The best model of prevention in case of food toxicoinfection, in case of food poisoning (demonstration in the form of an experiment). The Expert Committee of the Competition has the right to allocate additional special nominations.

3. Conditions of participation in the Competition

3.1. Students, undergraduates, postgraduates, young scientists of educational institutions of higher education, academic institutes and other interested organizations of Russia and foreign countries under the age of 35 are invited to participate in the Competition (hereinafter referred to as Participants). Projects prepared by young scientists - candidates of sciences are not accepted for the competition.

3.2. Research projects for the Competition can be submitted from individual authors or from creative teams (teams of up to 3 people).

3.3. One participant (one team) has the right to submit only one project to the Competition.

3.4. The authors independently decide on which scientific direction (nomination) the project will be presented.

3.5. Projects of participants that do not meet the requirements of Section 5 of these Regulations are not accepted for participation in the competition.

3.6. There is no registration fee for participation in the competition. The costs of accommodation for nonresident participants, meals and transportation costs for participation in the face-to-face stage of the competition are paid by the participants themselves or by sending organizations. The exception is the winners of foreign/regional Competition venues.

4. Stages and dates of the Competition

4.1. The competition is an annual event and is held during the summer semester. The final dates of the Competition, as well as its main stages, are established by the order of the Rector of the Ural State University of Economics.

4.2. The competition is held in three stages.

4.2.1 The first stage (until March 20, 2025 inclusive) is the acceptance and registration of competitive research projects in the chosen field (nominations) Competition; verification of projects for compliance with the requirements for projects. The first stage is conducted by the organizing committees of the Competition of the relevant sites:

- the organizing committee of the USUE head site;
- organizing committees of foreign/regional venues.

If less than 10 competitive works have been submitted to a foreign/regional site, then the Competition at this site is considered not to have taken place, and the received works participate in the competition of the USUE head site on a general basis.

4.2.2 The second stage (qualifying) (from March 21 to March 25, 2025) is the examination of competitive research projects registered and admitted to the Competition based on the results of the first stage. Determination of the finalists of the Competition from the USUE site and the finalists of the Competition from foreign/regional sites.

- Holding the qualifying stage at the USUE site

The examination of the competitive works received through the USUE site is carried out by the expert commission of the USUE Site Competition. The Commission selects from 10 to 15 finalists in absentia. The final number of finalists from the USUE site depends on the actual number of finalists

from foreign/regional Competition sites. The lists of finalists who qualified for the final of the Competition from the USUE site are published on the Competition page of the Congress of Entrepreneurship and Engineering of the EEYF website.

The winner (first place) of the national/regional round of the Competition becomes a finalist in the international final of the Competition. He is given the opportunity to participate in the final of the Competition and other final events of the XV EEYF on April 23-25, 2025 in person. Payment for travel and accommodation is provided by the main organizer of the EEYF — USUE.

The participants who took the 2nd and 3rd place in the Competition will be solemnly awarded diplomas and memorable gifts at the foreign/regional site on April 25, 2025.

4.2.3. The third stage (final) (April 24-25, 2025) — defense and presentation of the finalists' competitive research projects; determination of the winners and prize-winners of the Competition.

At the third stage, the works of the finalists of the Competition are publicly defended

4.3. Following the results of the Competition, a collection of abstracts of the finalists' works is published. The collection is published in the form of the corresponding chapter of the annual collection of materials of the XV EEYF no later than 3 months after the Competition. The collection of EEYF materials is posted in the RSCI, on the USUE and EEYF websites.

5. Requirements for submitted documentation and rules for registration of competitive works (projects)
