3. Conditions of participation in the Competition

3.1. Students (students, graduate students) and young scientists, educational organizations, academic institutions and other interested organizations in Russia and foreign countries under the age of 35 are invited to participate in the Competition (hereinafter referred to as the Participants).

3.2. Works prepared by young scientists - candidates of sciences are not accepted for the competition.

3.3. Completed works performed individually or collectively (in teams of up to 3 people) are submitted to the competition.

3.4. One participant (one team) has the right to submit only one work to the Competition.

3.5. Works that do not meet the requirements specified in Section 5 of the Regulations will not be accepted for participation in the competition.

3.6. There is no registration fee for participation in the competition. Expenses for accommodation of non-resident participants, food and transportation costs for participation in the full-time stage of the competition are paid by the participants themselves or by sending organizations. The exception is the winners of foreign/regional competition sites.

4. Stages and timing of the Competition

4.1. The competition is an annual event and is held during the summer semester. The final dates for the Competition, as well as its main stages, are established by order of the rector of the

	REGULATIONS for the International Competition of Applied Projects for Young Scientists and Students «Applied IT Solutions in Science, Business and Government»	Edition 5
		p.4 out19

chairman of the EEYF organizing committee - the rector of USUE and are published on the Competition pages of the EEYF website.

4.2. The competition is held in three stages.

4.2.1. **The first stage (until April 20, 2026 inclusive)** – acceptance and registration of competitive projects; checking the work for compliance with the requirements for the work.

The first stage is carried out by the organizing committees of the Competition of the relevant sites:

- Organizing Committee of the USUE Main Site Competition;
- organizing committees of the Competition of foreign/regional sites.

If less than 10 competitive works are received at a foreign/regional site, then the Competition at this site is considered not to have taken place, and the received works participate in the competition of the main site of USUE on a general basis.

4.2.2. **The second stage (qualifying) (from April 21 to April 22, 2026)** – examination of competitive projects registered and admitted to the Competition based on the results of the first stage. Determining the finalists of the Competition from the USUE site and the finalists of the Competition from foreign/regional sites.

– Conducting the qualifying stage at the USUE site

The examination of competitive projects received through the USUE platform is carried out by the expert commission of the Competition of the USUE site. The commission selects **from 12 to 15** finalists in absentia. The final number of finalists from the USUE site depends on the number of finalists from foreign/regional sites of the Competition. Lists of finalists who made it to the finals of the Competition are published on the Competition page of the Congress of Innovators of the EEYF website.

– Conducting qualifying stages at foreign/regional competition sites

The examination of competitive projects at the EEYF sites is carried out by expert commissions of foreign/regional Competition sites. Expert commissions select 5-10 best participants in the national/regional round of the Competition. The organizing committee and the expert commission of the foreign/regional site of the Competition will conduct a full-time defense on April 1, 2026 and determine the winner and prize-winners of the national/regional round of the Competition.

The winner (first place) of the national/regional round of the Competition becomes a finalist in the international final of the Competition. He is given the opportunity to participate in the finals of the Competition and other final events of the XVI EEYF on April 22-23, 2026 in person. Payment for travel and accommodation is provided by the main organizer of the EEYF - USUE.

Participants who took 2nd and 3rd place will be solemnly presented with certificates and memorable gifts at a foreign/regional site on April 24, 2026.

The general list of finalists of the international final of the Competition is formed from the finalists from the USUE site and the winners of foreign/regional sites that have chosen this Competition. The general list of finalists of the Competition is published on the EEYF website, on the page of the Congress of Innovators Competition from April 1 to April 10, 2025.

4.2.3. **The third stage (final) (April 23-24, 2025)** – defense of competitive projects of the international final of the Competition; determination of the winners of the Competition; rewarding

	REGULATIONS for the International Competition of Applied Projects for Young Scientists and Students «Applied IT Solutions in Science, Business and Government»	Edition 5
		p.5 out19

The third stage is held between the finalists of the international final of the Competition through public in-person defense of projects. Defense of projects remotely using online communication is carried out by decision of the Organizing Committee of the Competition.

5. Registration of participants, requirements for submitted documentation and rules for registration of competitive works

5.1. Works are submitted to the Organizing Committee of the Competition in electronic form through a special registration form on the EEYF website [www . eurasia - forum . ru](http://www.eurasia-forum.ru) .

5.1.1. Participants of the main site of the Competition, when registering, choose:

USUE platform – Congress of Innovators – competition «Applied IT solutions in science, business and government»;

5.1.2. When registering, participants of foreign/regional Competition sites choose:

the name of the corresponding platform is the competition «Applied IT solutions in science, business and government».

5.2. To participate in the Competition the following package of documents must be submitted:

1) the author's statement about participation in the Competition (Appendix 1) – is submitted by filling out the participant's registration form on the EEYF website.

2) The competition work (project) (with a title page in the form of Appendix 2) is attached as a separate file to the participant's registration form.

If the work is prepared by a team of authors, one of the authors is registered as a «team captain» and attaches the work. The remaining participants register as a «team member» and attach a file with the project topic and a list of authors to complete the registration.

5.3. All documents are provided in a single package until **April 20, 2026**, or otherwise specified on the Competition page of the EEYF website.

The absence of any of the documents specified in clause 5.2. within the prescribed period is grounds for refusal of admission to participate in the Competition.

5.4 The submitted work must meet the following criteria:

1. The work must be submitted within the deadline set by the Rector of USUE and published on the EEYF website.

2. The work should be relevant to the subject and scientific areas specified in paragraph 2 of these Regulations.

3. It is necessary to provide references: links to sources used for quotations, numerical data, tables, graphs, and diagrams.

4. The project work must be original, with at least 50% originality in the text.

5. The work should be submitted in the following format: a document in the *.doc or *.rtf file format, with the last name(s) of the author(s) indicated in the filename. The text should be aligned left, without hyphenation, and all charts and tables should be inserted within the text. Paragraph indentation - 1.25, book orientation, volume of work - 20-45 pages.

The typical structure of the work should include: an introduction (relevance, purpose, and objectives of the study), three chapters (concept of the project, solution design, technical and software

	<p style="text-align: center;">REGULATIONS for the International Competition of Applied Projects for Young Scientists and Students «Applied IT Solutions in Science, Business and Government»</p>	Edition 5
		p.6 out19

implementation of the solution), conclusion, and list of references. The list of references should be prepared in accordance with **GOST R 7.0.100-2018**.

6. The minimum number of sources in the list of references should be 20. Footnotes in the text should be given in square brackets, indicating the number of the reference in the list.

6. Criteria for evaluating competition works

6.1. At the first stage of the Competition, the organizing committee admits works (projects) for further expert evaluation according to the requirements specified in Section 5 of the Regulations.

6.2. During the second (qualifying) stage, members of the expert commission(s) conduct an examination of the participants' projects and determine up to 15 (fifteen) finalists of the Competition.

Criteria for evaluating competitive works at the second (qualifying) stage:

- 1) paperwork – up to 10 points;
- 2) relevance of the applied solution – up to 15 points;
- 3) novelty and originality of the solution – up to 15 points;
- 4) content of the study: scientific, technical and economic feasibility of the project concept; quality of design of an applied software project (description of supporting subsystems); software and technical implementation of the application solution; logic, scientific style and literacy of presentation; presence of applications, illustrations, graphic explanations of appropriate quality – up to 40 points;
- 5) practical significance of the results, the possibility of testing and implementing the results obtained – 20 points.

6.3. Lists of finalists are published on the Competition page. Information letters about reaching the finals are sent to the finalist participants.

If the finalist cannot personally take part in the final of the Competition, he is given the opportunity to publicly defend the project remotely, in the form of a webinar. If a finalist cannot take part in the final of the Competition remotely, by decision of the Organizing Committee, the participant who took 16th place at the end of the second (qualifying) stage of the Competition is included in the finalists.

6.4. Criteria for evaluating participants during the full-time defense of work at the third (final) stage:
